Homework Policy @ PGPS

PUNGOLGREEN
PRIMARY SCHOOL

FUTURE-READY LEADERS WITH THE HEART FOR OTHERS

Rationale and Intent of Homework

- Meaningful and relevant homework assignment forms an integral part of students' learning process as **homework allows students to deepen their understanding and facilitates better retention of learning** through:
 - ✓ Practising skills acquired
 - ✓ Reinforcing concepts taught
 - ✓ Applying knowledge learnt
- Homework provides students with the opportunity to **learn beyond the classroom and nurtures greater self-discipline, time management and self-directedness in learning**.
- Allows teachers to **effectively identify students' learning gaps** so that appropriate intervention and support can be provided to enhance students' learning.
- Through homework submissions, **teachers can formatively assess students' learning progress and share timely feedback** with parents so that you can be more involved in your child's learning.

Developing Self-Directed Learners

Responsibilities of Students

Students should be self-directed and take ownership of their own learning by:

- **Exercising personal responsibility** in recording their daily assignments (including deadlines) in their Student Handbook.
- **Seeking clarifications** if they are unclear with any assignment task or instructions.
- **Taking pride** in completing their assignments, ensuring that they put in their best effort to produce quality work for submission.
- **Exercising self-discipline** in submitting all assignments (including corrections) on time.

School-Home Partnership

Parents' Role

With strong **School-Home Partnership**, parents can work closely with your child's form and subject teachers, to play an active role in **supporting your child's learning** through:

- **Checking your child's Student Handbook** and supervising them in their homework completion.
- **Providing a conducive environment at home** (i.e. having a quiet study area that is well-lit and free from distractions) for your child to revise and complete their assigned homework.
- **Establishing daily routines with your child** to work on their assigned homework for the day, while ensuring that there is ample rest and play time set aside for their well-being.
- **Guiding your child** when they face difficulties in completing their assignments and encouraging them to make an attempt to do the assignment even if they find them challenging.

Grow Well SG

Grow Well SG (GWSG) is a new national strategy introduced in 2025, led by MOH, MOE and MSF to help families create a healthier home environment in the digital age.

GWSG focuses on helping children **eat, sleep, learn and exercise well**, aiming to establish healthy habits early for a better future.

To support this, as part of their health plan, students will be given personalised lifestyle prescriptions, based on the Child Lifestyle Questionnaire done during the Annual Health Screening.

Grow Well SG

PGPS will continue to advocate healthy habits through our PE lessons and programmes. Here are some useful resources available on HealthHub for parents, specifically on Grow Well SG.
